

Vote
YES

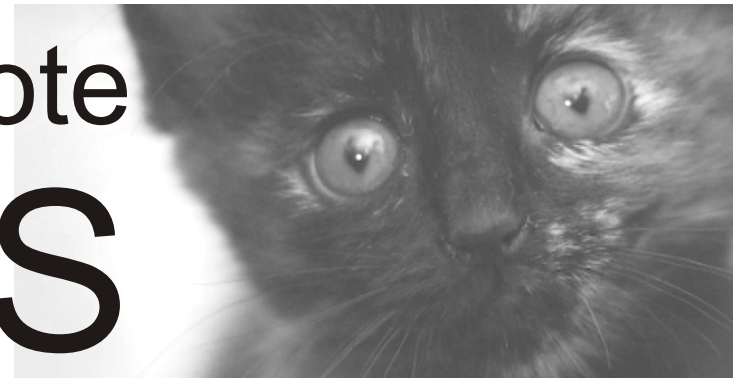

For the Animals (Regulation of Sale) Bill

WHY?

- To ensure the welfare of pets in NSW, now and in the future.
- By regulating the practices of the pet industry it will empower the consumer, and give them the freedom to make informed and ethical purchases.
- An industry which deals with living animals must not be self-regulating, as its profit making activities will directly conflict with the welfare of the animals.
- To take the burden of financial cost for the management and subsequent euthanasia of unwanted pets off the tax payer.

We urge you to consider the needs of your constituents and the welfare of their animals. Vote YES for the Animals (Regulation of Sale) Bill.
